

SUBSTANCE ABUSE SERVICE and INTAKE COORDINATOR NEEDED

Seeking a substance abuse professional to oversee a hospital based inpatient medical stabilization service for patients with drug/alcohol addictions and medical related co-morbidities. Candidate must have experience in the field of chemical dependency preferably in a hospital setting. Must be self motivated, creative, have a good understanding of hospital systems and capable of helping the service grow. Must be capable of providing community outreach that will result in increasing interest in the service. Supervisory experience very helpful.

Also seeking an experienced individual who can screen and assess individuals who are seeking medical treatment for drug addictions and related medical conditions. Insurance verification experience as well as discharge planning experience. Hospital experience preferred. Must be a team player and able to multi task.

Both positions require a minimum of a Bachelor’s degree in appropriate field.

Very competitive salary and compensation package offered to the right individual. Strong opportunity for advancement.
